
OXLEY NETS Information Sheet

Baseball Field Netting

OXLEY NETS offers custom manufactured and installed Overhead and Perimeter Netting for Baseball Fields.

As a more economical solution rather than chain wire fencing, Netting provides a higher level of safety from 'stray' balls, as well as easy ball retrieval during the game.

OXLEY NETS can provide ...

- ✓ Advice on using Netting as the solution to mis-directed baseballs
- ✓ Manufacture of customised Netting to suit each specific sports field
- ✓ Full 'solution' engineering, including supply and installation of poles & rigging

Visit www.oxleynets.com.au or contact us to discuss your Baseball Field Netting needs.

OXLEY NETS Pty. Ltd.
