

OXLEY NETS supplies a range of standard size Truck, Trailer & Ute Nets. We also custom manufacture nets of 'special size or shape' to suit the specific requirements of your vehicle or fleet.

With new road laws requiring the containment of all items carried in open tray vehicles, net covers are now essential for trucks, trailers and utes. Our containment nets are manufactured to the highest levels of strength, durability and functionality, and conform to all load cover requirements.

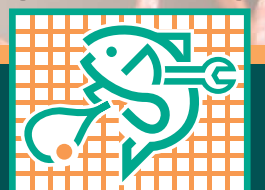

All Truck, Trailer & Ute Nets feature:

- > 3mm diameter 'RED' mesh (braided) with 100kg breaking strain per strand
- > Heavy duty 50mm x 50mm square knotted mesh size
- > UV stabilised polyethylene material
- > Fitted with 7mm border rope (double over locked)
- > Supplied standard with 7mm rope ties at 1m lengths as shown in the table
